

Star-Hacks

Sponsorship Prospectus

What is Star-Hacks?

Star-Hacks is a student-run civic hackathon primarily aimed at high school students. More than 100 of the most innovative high school students will gather to use computer science and technology to create novel apps / solutions to address today's challenges. Star-Hacks offers attendees an inclusive, diverse environment to share unique ideas and help bring them to life. Last year, at our first hackathon held in San Jose, CA, we hosted over a hundred students with the support of over thirty sponsors. This year, we have reached out to even more students in Westford, MA, Bangalore-India besides another one in San Jose-CA. All proceeds from Star-Hacks will be donated to Shooting Stars Foundation, a nonprofit organization that raises money towards scholarship for education in developing countries. For more information on Hackaton please visit <https://www.star-hacks.com/> and learn more about Shooting Stars Foundation at <https://shooting-stars-foundation.org/>

Why sponsor us?

Star-Hacks will gather the most creative and promising young hackers that will shape our future. By sponsoring Star-Hacks your company will be able to connect with tomorrow's programmers and entrepreneurs, maybe finding possible interns. Additionally, the resources you provide, such as sponsorship for prizes, judges and/or mentor will have a lasting impact on these young developers. NETSCOUT in Allen Texas is hosting this Hackathon. www.netscout.com on Oct 19, 2019

Where will your money go?

All of the funds will be dedicated to providing the best hacker experience at Star-Hacks. Shooting Stars Foundation, a 501(c)(3) nonprofit organization situated in Fremont, CA is our fiscal sponsor. All donations to Star-Hacks are tax-deductible.

Cash donation for prizes (Min - \$1K) – Tax deductible
Send Mentors, Volunteers to event
Loan Laptops (PC/Mac) ; Donate old laptops to those who cannot afford one
Send Final Round Judges
